

Track 360[®]

End to End Payment Transparency

Track 360[®] is the market's first cross-border payment tracker, giving clients and vendors full visibility into payment status, associated fees, and location. Similar to a package tracking service, Track 360[®] provides valuable insight into the timing of payments for both customers and vendors. Automating the payment communication process, this tool provides end-to-end transparency while simplifying vendor management.

360° for Customers

provides all available payment information to clients for all payment types. SWIFT gpi wire payments will receive enhanced details on fees and timing. This self-serve feature eliminates the need to contact customer service for status updates. All associated payment information will be available at your fingertips.

360° for Vendors

simplifies vendor management by delivering 360 degree transparency into the payment process. If the vendor's email is provided, the vendor will receive all available payment information reducing the need for inquiries. Vendors receive a tracking link to access and view updated information on the incoming payment.

Payment Visibility Enables:

Better Understanding
of intermediary banks
and conversion fees

Full Visibility
of the payment's
location in transit

Reduced Inquiries
from vendors on
payment status

Greater Insight
into alternative payments
(lower fees, faster delivery)

Simplified Vendor Management
with automated payment communication

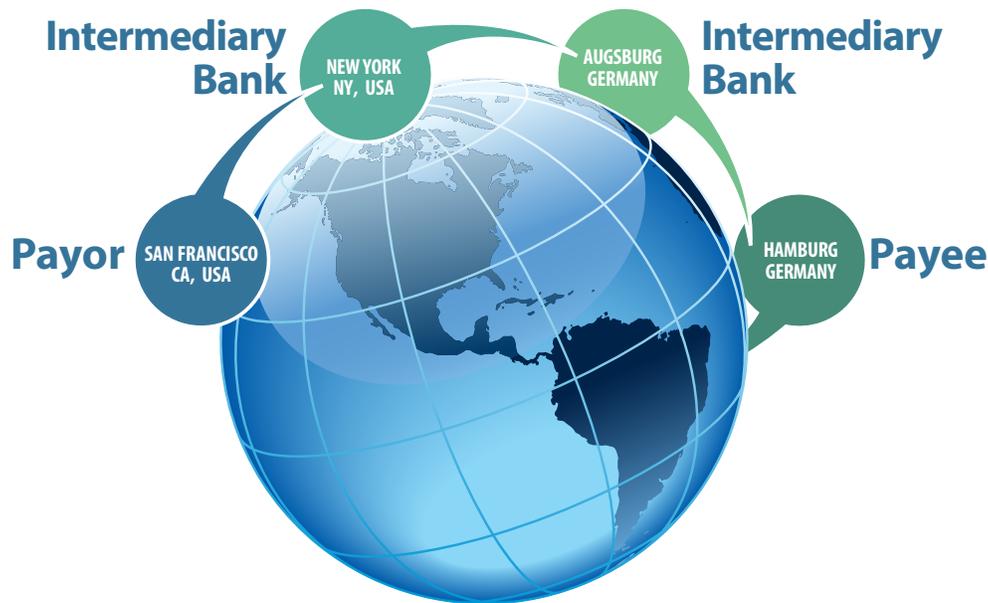

360° Transparency

unlocks key information regarding location and fees. Transparent payments augment customer communications with vendors and payees, while enhancing decision-making surrounding disbursements. Providing unprecedented level of payment visibility creates convenience and enables organizations to make informed payment decisions, saving all stakeholders significant time and money.

Know your True Costs

- Learn which institution(s) have deducted fees
- Identify when currency conversions occur and at what rate
- Confirm exactly how much was credited to the payee's account
- Understand the total time it takes for a payment to be credited
